GLIMPSES OF THE MORNING ASSEMBLY

To showcase their inner hidden talents, the students perform on their own every day classwise in the morning assembly. They eagerly wait for their turn to perform on the stage. They are a close knitted batch of multitalented students who have contributed immensely in the building of a vibrant school with unfathomable spirit and culture.

OUR SCHOOL CAMPUS

TO THE PARENTS

There is a very strong connection between student attendance and academic performance in school. Therefore, when students miss class, they miss out on learning. Here are some tips for you.

- Get your child to school on time, every day and make sure homework assignments are completed on time.
- Extended vacations, long weekends and frequent doctor appointments scheduled during school hours will cause your child to fall behind in class.
- Read all information sent home by the school. Post important dates on a family bulletin board.

Value education and give it high priority in your family! Convey a positive attitude about school and treat going to school as part of the normal course of events, something that is expected of your child. Let him/her know that school is the most important thing in his/her life at this time, and that his/her future job opportunities will depend on how well he/she handles his/her present "job" (school). Help him/her develop good study and work habits and praise him/her when he/she is successful.

Please contact the school office if your address, email, mobile etc changes. This is essential to enable us to reach you in an emergency or send home school reports and notices. infomeitram@unacco.co.in
